

SUPER CURRICULUM ACTIVITIES

Year9

ENGLISH

Why super curriculum matters in English

Supercurriculum activities in English give pupils a richer understanding of literature, language, and culture. They strengthen analytical and creative skills, prepare students for the challenges of GCSE English, and foster confidence in expressing ideas clearly in both speech and writing.

Reading

1. BBC Bitesize KS3 English – <https://www.bbc.co.uk/bitesize/subjects/zmqj4j6>
2. Project Gutenberg (free classics) – <https://www.gutenberg.org/>
3. Poetry Foundation (classic and modern poems) – <https://www.poetryfoundation.org/>
4. Shakespeare's plays (full texts online) – <https://shakespeare.mit.edu/>
5. The British Library Discovering Literature – <https://www.bl.uk/discovering-literature>

Writing

1. Keep a reflective reading journal on the books you read.
2. Enter a Young Writers competition – <https://www.youngwriters.co.uk/competitions>
3. Write a persuasive article on a current issue (BBC Bitesize guide) – <https://www.bbc.co.uk/bitesize/subjects/zmqj4j6>
4. Draft an alternative ending to a classic novel.
5. Write a comparative essay between two poems.

Listening

1. BBC School Radio: Talking Stories – <https://www.bbc.co.uk/teach/school-radio/english-ks2-talking-stories/zn447nb>
2. The Guardian Books podcast –
3. The New Yorker Fiction podcast – <https://www.newyorker.com/podcast/fiction>
4. Poetry Foundation Audio Poem of the Day – <https://www.poetryfoundation.org/podcasts/series/74698/audio-poem-of-the-day>
5. BBC World Book Club – <https://www.bbc.co.uk/programmes/p003jhsk>

Watching

1. BBC Teach KS3 English – <https://www.bbc.co.uk/teach/ks3-english-resources/zn6f92p>
2. Crash Course Literature –
3. Royal Shakespeare Company YouTube –
4. National Theatre at Home – <https://www.ntathome.com/>
5. TED-Ed literature lessons – <https://ed.ted.com/lessons?category=Literature>

Researching

1. Research a favourite author on the British Library site – <https://www.bl.uk/discovering-literature>

2. Explore Shakespeare's life and works –
<https://www.rsc.org.uk/shakespeare/life-and-times>
3. Study banned or challenged books and why they were controversial.
4. Investigate how news media uses persuasive language –
<https://www.bbc.co.uk/news>
5. Research the history of storytelling across cultures.

Student-led Tasks

1. Lead a small-group discussion on a novel.
2. Organise a poetry slam or recital.
3. Run a class debate on a social issue raised in literature.
4. Present a comparison between a novel and its film adaptation.
5. Lead a workshop on persuasive techniques in advertising.

Creative Tasks

1. Write and perform a spoken-word poem.
2. Create a comic strip version of a Shakespeare scene.
3. Film a short dramatic reading of your favourite passage.
4. Design a modern book cover for a classic text.
5. Write and perform a monologue from a character's perspective.

MATHEMATICS

Why super curriculum matters in Mathematics

Supercurriculum activities in Mathematics prepare pupils for GCSE by deepening problem-solving, reasoning and fluency. They encourage curiosity about how mathematics explains the world and support creativity in applying abstract concepts to real situations.

Reading

1. BBC Bitesize KS3 Maths – <https://www.bbc.co.uk/bitesize/subjects/zqhs34j>
2. NRICH Maths investigations – <https://nrich.maths.org/secondary-lower>
3. Plus Magazine (mathematics in the real world) – <https://plus.maths.org/>
4. Mathigon courses – <https://mathigon.org/courses>
5. MacTutor History of Mathematics – <https://mathshistory.st-andrews.ac.uk/>

Writing

1. Keep a problem-solving journal where you explain your working and strategies.
2. Write and solve your own exam-style question for a peer to attempt.
3. Summarise a NRICH investigation you have completed – <https://nrich.maths.org/secondary-lower>
4. Create a revision guide on algebraic manipulation for GCSE preparation.
5. Write a short article on how mathematics is used in your favourite sport.

Listening

1. Maths Appeal podcast – <https://podcasts.apple.com/gb/podcast/maths-appeal/id1447832485>

2. Numberphile Podcast – <https://www.numberphile.com/podcast>
3. A Problem Squared (problem-solving discussions) – <https://aproblemsquared.com/>
4. KidsMathTalk Podcast – <https://www.kidsmathstalk.com/podcast>
5. BBC Maths songs for recall – <https://www.bbc.co.uk/teach/school-radio/maths-times-tables-music/zr4yt39>

Watching

1. Corbettmaths video tutorials – <https://corbettmaths.com/contents/>
2. Khan Academy –
3. Numberphile videos –
4. BBC Bitesize KS3 Maths video lessons – <https://www.bbc.co.uk/bitesize/subjects/zqhs34j>
5. Mathigon Polypad activities – <https://mathigon.org/polypad>

Researching

1. Investigate a mathematician's life on MacTutor – <https://mathshistory.st-andrews.ac.uk/>
2. Explore careers using mathematics – <https://www.mathscareers.org.uk/>
3. Research how algorithms are used in computer science.
4. Compare different strategies for solving quadratic equations.
5. Study real-world data sets (e.g. sports statistics) and analyse trends.

Student-led Tasks

1. Teach the class a strategy for solving simultaneous equations.
2. Run a “problem of the week” challenge using NRICH – <https://nrich.maths.org/secondary-lower>
3. Organise a maths relay quiz in small groups.

4. Present on how probability is used in games and risk.
5. Demonstrate how maths links to design, music or art.

Creative Tasks

1. Design a tessellation inspired by Escher.
2. Create a poster explaining Pythagoras' Theorem with examples.
3. Build a scale model using geometric ratios.
4. Write a riddle or puzzle using algebra.
5. Produce a data visualisation from a survey of classmates.

SCIENCE

Why super curriculum matters in Science

Supercurriculum activities in Science encourage enquiry and independent investigation. They strengthen the ability to analyse evidence, apply scientific principles to real-world issues, and prepare pupils for the greater depth and rigour of GCSE Biology, Chemistry and Physics.

Science Supercurriculum

Reading

1. BBC Bitesize KS3 Science –
<https://www.bbc.co.uk/bitesize/subjects/zng4d2p>
2. DK Find Out: Science topics – <https://www.dkfindout.com/uk/science/>
3. NASA Climate Kids – <https://climatekids.nasa.gov/>
4. National Geographic Kids: Science –
<https://kids.nationalgeographic.com/science>
5. Royal Society of Chemistry Experiments – <https://edu.rsc.org/experiments>

Writing

1. Keep a lab journal with notes on practical experiments.
2. Write a fact sheet on a planet using NASA Space Place –
<https://spaceplace.nasa.gov/planets/en/>
3. Draft an argumentative essay on climate change using evidence –
<https://climatekids.nasa.gov/climate-change/>
4. Summarise a BBC Bitesize science article –
<https://www.bbc.co.uk/bitesize/subjects/zng4d2p>
5. Create revision notes on chemical reactions or energy transfers.

Listening

1. Brains On! science podcast – <https://www.brainson.org/>
2. Tumble: Science Podcast for Kids –
<https://www.sciencepodcastforkids.com/>
3. NASA Curious Universe podcast –

4. Wow in the World – <https://tinkercast.com/shows/wow-in-the-world/>
5. BBC School Radio Science Clips – <https://www.bbc.co.uk/teach/school-radio/science-ks2/zrqj8xs>

Watching

1. BBC Bitesize KS3 Science video lessons – <https://www.bbc.co.uk/bitesize/subjects/zng4d2p>
2. SciShow Kids YouTube channel –
3. National Geographic Kids science videos –
4. NASA Space Place animations – <https://spaceplace.nasa.gov/menu/videos/>
5. TED-Ed science videos – <https://ed.ted.com/lessons?category=science-technology>

Researching

1. Explore the periodic table (Royal Society of Chemistry) – <https://www.rsc.org/periodic-table>
2. Research climate evidence and solutions (NASA) – <https://climatekids.nasa.gov/climate-change/>
3. Investigate the latest space discoveries (NASA News) –
4. Study renewable energy technologies – <https://www.nationalgrid.com/stories/energy-explained/what-are-renewable-energy-sources>
5. Research the impact of genetics on health (Wellcome Trust) – <https://wellcome.org/>

Student-led Tasks

1. Lead a demonstration of a simple experiment (e.g. density tower).
2. Organise a science quiz for classmates.
3. Present a news article about a new scientific discovery.

4. Debate the use of nuclear power versus renewable energy.
5. Teach a mini-lesson on ecosystems or forces.

Creative Tasks

1. Build a model of an atom, molecule or cell.
2. Create a comic strip explaining photosynthesis or digestion.
3. Write a science poem about energy or space.
4. Make an infographic of the water cycle or carbon cycle.
5. Produce a short video tutorial explaining a key concept.

HISTORY

Reading

1. BBC Bitesize KS3 History –
<https://www.bbc.co.uk/bitesize/subjects/zk26n39>
2. British Museum: Young Explorers –
<https://www.britishmuseum.org/learn/young-explorers>
3. Spartacus Educational History resources – <https://spartacus-educational.com/>

4. National Archives: Education – <https://www.nationalarchives.gov.uk/education/>
5. History Learning Site – <https://www.historylearningsite.co.uk/>

Writing

1. Keep a timeline diary of key events studied.
2. Write a biography of a significant figure from the 20th century.
3. Create a newspaper front page reporting a major event.
4. Compare two historical leaders' decisions in a short essay.
5. Write a critical reflection on the causes of a world conflict.

Listening

1. History Storytime podcast – <https://www.historystorytime.com/>
2. Bedtime History – <https://bedtimehistorystories.com/>
3. The Past and The Curious – <https://thepastandthecurious.com/>
4. BBC Radio 4 “In Our Time” (selected episodes) – <https://www.bbc.co.uk/programmes/boo6qykl/episodes/player>
5. You're Dead To Me (BBC) – <https://www.bbc.co.uk/programmes/p07mdbhg/episodes/player>

Watching

1. BBC Bitesize KS3 History video lessons – <https://www.bbc.co.uk/bitesize/subjects/zk26n39>
2. Horrible Histories (BBC) – <https://www.bbc.co.uk/cbbc/shows/horrible-histories>
3. Timeline World History Documentaries (YouTube) –
4. BBC Teach History clips – <https://www.bbc.co.uk/teach/ks3-history-resources/z4r7wtv>

5. TED-Ed History videos – <https://ed.ted.com/lessons?category=history>

Researching

1. Research the causes of World War I or II (BBC Bitesize) – <https://www.bbc.co.uk/bitesize/topics/z4crd2p>
2. Explore the British Empire (National Archives) – <https://www.nationalarchives.gov.uk/education/>
3. Study propaganda posters and their impact.
4. Research the history of democracy in Britain – <https://www.parliament.uk/education/>
5. Investigate civil rights movements in the 20th century.

Student-led Tasks

1. Lead a class debate on the causes of a major conflict.
2. Organise a history quiz with questions from different eras.
3. Present on a key turning point in modern history.
4. Run a role-play of a famous historical event.
5. Teach classmates about a significant invention or discovery.

Creative Tasks

1. Design a propaganda poster from a historical perspective.
2. Write and perform a short play set in a chosen period.
3. Build a model of a trench, castle or historical site.
4. Create a storyboard of a major event, such as the Industrial Revolution.
5. Write a poem or ballad reflecting the life of ordinary people in history.

GEOGRAPHY

Why super curriculum matters in Geography

Supercurriculum activities in Geography build global awareness, enquiry and critical thinking. They help pupils connect physical and human processes, understand environmental challenges such as climate change, and prepare for GCSE fieldwork and case study skills.

Reading

1. BBC Bitesize KS3 Geography –
<https://www.bbc.co.uk/bitesize/subjects/zrw76sg>

2. National Geographic Kids – <https://kids.nationalgeographic.com/>
3. DK Find Out: Geography topics – <https://www.dkfindout.com/uk/earth/>
4. Royal Geographical Society resources – <https://www.rgs.org/schools/teaching-resources/>
5. NASA Climate Kids – <https://climatekids.nasa.gov/>

Writing

1. Keep a geography diary recording local weather, human activity and environmental changes.
2. Write a fact sheet on a natural hazard using DK Find Out – <https://www.dkfindout.com/uk/earth/volcanoes/>
3. Draft a persuasive article on tackling climate change.
4. Compare urbanisation in two different countries using BBC Bitesize – <https://www.bbc.co.uk/bitesize/subjects/zrw76sg>
5. Create a travel brochure for a biome (rainforest, desert, tundra).

Listening

1. Brains On! science and geography episodes – <https://www.brainson.org/>
2. Tumble podcast – <https://www.sciencepodcastforkids.com/>
3. Map Men podcast – <https://mapmen.co.uk/>
4. Wow in the World: environment themes – <https://tinkercast.com/shows/wow-in-the-world/>
5. BBC Earth Kids soundscapes – <https://www.bbcearth.com/kids>

Watching

1. BBC Bitesize KS3 Geography videos – <https://www.bbc.co.uk/bitesize/subjects/zrw76sg>
2. National Geographic Kids YouTube –
3. NASA Climate Kids animations – <https://climatekids.nasa.gov/menu/>
4. Crash Course Geography –
5. BBC Earth Kids short films – <https://www.bbcearth.com/kids>

Researching

1. Investigate the causes and effects of a recent natural disaster (USGS) – <https://earthquake.usgs.gov/>
2. Research renewable energy solutions (National Grid) – <https://www.nationalgrid.com/stories/energy-explained/what-are-renewable-energy-sources>
3. Explore migration and refugee issues (UNHCR) – <https://www.unhcr.org/teaching-about-refugees.html>
4. Practise map skills with Ordnance Survey Mapzone – <https://www.ordnancesurvey.co.uk/mapzone/>
5. Research endangered ecosystems (WWF) – <https://www.wwf.org.uk/>

Student-led Tasks

1. Lead a debate on the causes of climate change.
2. Organise a quiz on world capitals, rivers and mountain ranges.
3. Present a case study of a city affected by rapid urbanisation.
4. Lead a group activity using OS Mapzone – <https://www.ordnancesurvey.co.uk/mapzone/>
5. Role-play a UN meeting on environmental policies.

Creative Tasks

1. Draw a detailed map of an imaginary island, showing human and physical features.
2. Build a 3D model of a volcano or tectonic plate boundary.
3. Design an infographic about plastic pollution in oceans.
4. Record a mock weather forecast using real data.
5. Create a poster encouraging sustainable travel in your school.

ART & DESIGN

Why super curriculum matters in Art & Design

Supercurriculum activities in Art & Design expand pupils' creativity, technical skills and critical reflection. They encourage learners to explore artistic movements, experiment with media, and appreciate the cultural role of visual arts — preparing them for GCSE projects.

Reading

1. Tate Kids: Artists and movements – <https://www.tate.org.uk/kids/explore>
2. National Gallery online resources – <https://www.nationalgallery.org.uk/learning/primary-schools/kids>

3. The Art Story: Modern art movements – <https://www.theartstory.org/>
4. Met Museum: Art history features – <https://www.metmuseum.org/art/online-features>
5. Canva guide to colour theory – <https://www.canva.com/colors/color-wheel/>

Writing

1. Keep a sketchbook with weekly notes on process and reflection.
2. Write a biography of an artist you admire using Tate Kids – <https://www.tate.org.uk/kids/explore>
3. Draft a critical review of an artwork from the National Gallery – <https://www.nationalgallery.org.uk/paintings>
4. Write step-by-step instructions for a drawing tutorial.
5. Create a story or poem inspired by a famous painting.

Listening

1. Art Detective podcast – <https://artuk.org/discover/stories/the-art-uk-podcast-art-matters>
2. The Lonely Palette podcast – <https://www.thelonelypalette.com/>
3. ArtCurious podcast – <https://www.artcuriouspodcast.com/>
4. National Gallery audio guides – <https://www.nationalgallery.org.uk/audio>
5. Kids Ask Authors podcast (illustration-focused episodes) – <https://kidsaskauthors.com/podcast/>

Watching

1. Tate Kids “Make” tutorials – <https://www.tate.org.uk/kids/make>

2. BBC Bitesize KS3 Art & Design –
<https://www.bbc.co.uk/bitesize/subjects/zy6rk7h>
3. National Gallery YouTube lessons –
4. MoMA Learning resources – https://www.moma.org/learn/moma_learning/
5. Art for Kids Hub (YouTube drawing channel) –

Researching

1. Research a chosen art movement on The Art Story –
<https://www.theartstory.org/>
2. Investigate the history of a painting from the National Gallery –
<https://www.nationalgallery.org.uk/paintings>
3. Explore the science of colour using Canva's colour wheel –
<https://www.canva.com/colors/color-wheel/>
4. Research global art traditions at the Met Museum –
<https://www.metmuseum.org/art/online-features>
5. Compare two artists' responses to the same theme.

Student-led Tasks

1. Lead a short workshop on a drawing or painting technique.
2. Organise a mini exhibition of classmates' artwork.
3. Present on an artist's influence and legacy.
4. Run a critique circle for peer feedback.
5. Lead a collaborative mural project.

Creative Tasks

1. Create a collage inspired by current events.
2. Redesign the cover of a novel using mixed media.
3. Produce a self-portrait in the style of a chosen artist.

4. Experiment with digital art tools like Sketchpad –
<https://sketch.io/sketchpad/>
5. Create a short stop-motion animation using clay or cut-outs.

DESIGN & TECHNOLOGY

Why super curriculum matters in Design & Technology

Supercurriculum activities in DT help pupils become inventive problem-solvers. They encourage critical thinking, creativity, and practical skills through designing, testing and evaluating products — all of which support progression into GCSE DT and future innovation careers.

Design & Technology (DT) Supercurriculum

Reading

1. BBC Bitesize KS3 Design & Technology –
<https://www.bbc.co.uk/bitesize/subjects/zyr9wmn>
2. Design Museum learning resources –
<https://designmuseum.org/learning/for-children-and-young-people>

3. Dyson Foundation Challenge Cards –
<https://www.jamesdysonfoundation.co.uk/resources/challenge-cards.html>
4. NASA Engineering Design Process –
<https://www.jpl.nasa.gov/edu/teach/activity/engineering-design-process/>
5. Explain That Stuff: Everyday inventions –
<https://www.explainthatstuff.com/>

Writing

1. Keep a design journal recording sketches, notes, and evaluations.
2. Write a fact file on a key inventor using Design Museum resources –
<https://designmuseum.org/learning/for-children-and-young-people>
3. Draft a design brief for a product to solve a modern-day problem.
4. Write step-by-step instructions for a model-making task.
5. Summarise what you learned from a Dyson Challenge Card –
<https://www.jamesdysonfoundation.co.uk/resources/challenge-cards.html>

Listening

1. Tumble podcast (engineering episodes) –
<https://www.sciencepodcastforkids.com/>
2. Brains On! invention and design stories – <https://www.brainson.org/>
3. Wow in the World (innovation episodes) –
<https://tinkercast.com/shows/wow-in-the-world/>
4. Engineering Matters podcast (selected episodes) –
<https://engineeringmatters.reby.media/>
5. KidsLab STEM podcast – <https://kidslab.dev/>

Watching

1. BBC Bitesize KS3 DT video lessons –
<https://www.bbc.co.uk/bitesize/subjects/zyr9wmn>

2. PBS Kids Design Squad Global – <https://pbskids.org/designsquad/>
3. Dyson Foundation Challenge demonstrations – <https://www.jamesdysonfoundation.co.uk/resources/challenge-cards.html>
4. Crash Course Kids: Engineering playlists –
5. Exploratorium Tinkering Studio – <https://tinkering.exploratorium.edu/>

Researching

1. Research the evolution of a chosen invention – <https://www.explainthatstuff.com/>
2. Investigate renewable energy design (National Grid) – <https://www.nationalgrid.com/stories/energy-explained/what-are-renewable-energy-sources>
3. Explore material properties and sustainability (BBC Bitesize) – <https://www.bbc.co.uk/bitesize/subjects/zyrgwmn>
4. Study the history of product design (Design Museum) – <https://designmuseum.org/>
5. Compare different engineering solutions to the same problem.

Student-led Tasks

1. Lead a mini design challenge with recycled materials.
2. Present on an inspiring engineer or designer.
3. Run a peer workshop on sketching or prototyping.
4. Organise a group redesign of a classroom item.
5. Lead a team brainstorm to solve a local issue.

Creative Tasks

1. Design and build a prototype using cardboard or Lego.
2. Create an infographic explaining the design process.

3. Sketch an original invention and annotate its features.
4. Build a bridge or tower model and test its strength.
5. Design a marketing poster for a product you invented.

MUSIC

Why super curriculum matters in Music

Supercurriculum activities in Music develop performance, listening and composition skills. They encourage pupils to explore a wide range of genres and traditions, while fostering creativity and cultural understanding that supports GCSE Music and beyond.

Reading

1. BBC Bitesize KS3 Music – <https://www.bbc.co.uk/bitesize/subjects/zwxfhg8>
2. Classics for Kids: composers and music history – <https://www.classicsforkids.com/composers.html>
3. DK Find Out: Music – <https://www.dkfindout.com/uk/music/>

4. Philharmonia Orchestra resources –
<https://philharmonia.co.uk/resources/instruments/>
5. Kids Music Corner: instrument families –
<https://www.kidsmusiccorner.co.uk/>

Writing

1. Keep a listening journal noting instrumentation, tempo, and mood.
2. Write a biography of a chosen composer using Classics for Kids –
<https://www.classicsforkids.com/composers.html>
3. Draft your own set of song lyrics on a theme that matters to you.
4. Write a comparison between two different music genres (BBC Bitesize guide) – <https://www.bbc.co.uk/bitesize/subjects/zwxhfg8>
5. Review a Philharmonia Orchestra video –
<https://philharmonia.co.uk/resources/instruments/>

Listening

1. Classics for Kids radio shows – <https://www.classicsforkids.com/listen/>
2. BBC Ten Pieces audio resources – <https://www.bbc.co.uk/teach/ten-pieces/classical-music-primary-level/z6rcbdm>
3. Philharmonia Orchestra instrument sound library –
<https://philharmonia.co.uk/resources/instruments/>
4. Storynory music and stories – <https://www.storynory.com/category/classic-music/>
5. San Francisco Symphony Kids – <https://www.sfskids.org/>

Watching

1. BBC Bitesize KS3 Music video lessons –
<https://www.bbc.co.uk/bitesize/subjects/zwxhfg8>

2. BBC Ten Pieces films –
<https://www.bbc.co.uk/programmes/articles/2c8joxsYnM8V1DHZlgkS3G/primary-films>
3. Philharmonia Orchestra YouTube videos –
<https://philharmonia.co.uk/resources/instruments/>
4. San Francisco Symphony Kids interactive videos – <https://www.sfskids.org/>
5. Crash Course Music Theory (YouTube) –

Researching

1. Research the history of a chosen instrument (Philharmonia) –
<https://philharmonia.co.uk/resources/instruments/>
2. Investigate a composer's works (Classics for Kids) –
<https://www.classicsforkids.com/composers.html>
3. Explore the role of music in films (BBC Teach) –
<https://www.bbc.co.uk/teach/ten-pieces/what-is-film-music/z7fsvk7>
4. Research how sound waves and acoustics work (BBC Bitesize) –
<https://www.bbc.co.uk/bitesize/topics/zgffr8z>
5. Study a BBC Ten Pieces composition and present your findings –
<https://www.bbc.co.uk/teach/ten-pieces/classical-music-primary-level/z6rcbdl>

Student-led Tasks

1. Lead a rhythm clapping session with peers.

2. Organise a “guess the instrument” challenge using sound clips.
3. Present your favourite genre and why it is important to you.
4. Teach a simple song or melody to classmates.
5. Lead a small-group rehearsal of a piece of music.

Creative Tasks

1. Compose your own short piece using Chrome Music Lab – <https://musiclab.chromeexperiments.com/>
2. Create a drawing or painting inspired by a favourite piece of music.
3. Record sound effects to accompany a short story.
4. Rewrite the lyrics of a song to reflect a different theme.
5. Design a concert poster for a famous composer or band.

PHYSICAL EDUCATION

Why super curriculum matters in PE

Supercurriculum activities in PE build confidence, resilience and teamwork. They help pupils understand health and fitness, refine their skills in a range of sports, and prepare them for GCSE PE by linking physical activity to anatomy, psychology and lifelong wellbeing.

Reading

1. BBC Bitesize KS3 PE – <https://www.bbc.co.uk/bitesize/subjects/znyb4wx>
2. KidsHealth: Fitness and exercise – <https://kidshealth.org/en/kids/work-it-out.html>
3. Youth Sport Trust resources – <https://www.youthsporttrust.org/resources>
4. Change4Life healthy living –
5. DK Find Out: Sport and the body – <https://www.dkfindout.com/uk/sports/>

Writing

1. Keep a training diary tracking your progress and goals.
2. Write the rules for a new sport you invent.
3. Create a personal fitness plan using Change4Life –
4. Draft a profile of an inspirational athlete.
5. Write a reflection on the benefits of teamwork in sport.

Listening

1. GoNoodle activity songs – <https://www.gonoodle.com/>
2. BBC School Radio “Time to Move” –
<https://www.bbc.co.uk/programmes/bo3g64pm>
3. Just Dance Kids playlists (YouTube) –
4. Yoga Kids Stories podcast – <https://www.yogakidsstories.com/podcast/>
5. Childline Calm Zone audio guides –
<https://www.childline.org.uk/toolbox/calm-zone/>

Watching

1. BBC Bitesize KS3 PE video lessons –
<https://www.bbc.co.uk/bitesize/subjects/znyb4wx>
2. Cosmic Kids Yoga (YouTube) –
3. PE with Joe (Body Coach TV) –
4. Just Dance Kids (YouTube) –

5. GoNoodle fitness videos –

Researching

1. Investigate how exercise affects the body (BBC Bitesize) –
<https://www.bbc.co.uk/bitesize/subjects/znyb4wx>
2. Research the history of the Olympic Games –
<https://olympics.com/en/olympic-games>
3. Explore nutrition and performance (NHS Change4Life) –
4. Study how psychology impacts sports performance –
<https://www.bbc.co.uk/sport>
5. Research a sport not taught in school and present its rules.

Student-led Tasks

1. Lead a warm-up or cool-down session for the class.
2. Organise a mini tournament in a chosen sport.
3. Run a workshop on a particular skill (e.g. dribbling, passing).
4. Lead a mindfulness activity after exercise.
5. Present a case study of a famous sporting event.

Creative Tasks

1. Design a poster promoting healthy lifestyles.
2. Choreograph and perform a group dance or fitness routine.
3. Create a fun obstacle course in your garden or school field.
4. Film a short tutorial teaching a skill you know well.
5. Invent a brand-new sport with rules, equipment and scoring system.

RELIGIOUS EDUCATION

Why super curriculum matters in Religious Education

Supercurriculum activities in RE encourage pupils to reflect on beliefs, ethics and values across different cultures. They build empathy, critical thinking and debate skills, preparing students to explore moral questions and societal issues at GCSE and beyond.

Reading

1. BBC Bitesize KS3 Religious Studies –
<https://www.bbc.co.uk/bitesize/subjects/zb48q6f>
2. RE:Quest (Christianity explained) – <https://request.org.uk/>
3. DK Find Out: Religions of the world –
<https://www.dkfindout.com/uk/society/religion/>
4. Britannica Kids: Islam –
<https://kids.britannica.com/kids/article/Islam/353912>
5. Jewish Virtual Library (Judaism for children) –
<https://www.jewishvirtuallibrary.org/judaism-for-kids>

Writing

1. Write a diary entry imagining life during a religious festival.
2. Create a fact file on a place of worship (BBC Bitesize) –
<https://www.bbc.co.uk/bitesize/subjects/zb48q6f>

3. Draft a short essay comparing charity in two religions.
4. Write your own moral code based on teachings from different faiths.
5. Summarise the key message of a parable or myth in your own words.

Listening

1. BBC School Radio assemblies –
2. Hymns and worship songs for schools –
3. Storynory Bible and myth stories –
4. RE Podcast for Kids –
<https://open.spotify.com/show/oYeYpXhZftV9S8FQm3GQim>
5. Peace Out mindfulness podcast –

Watching

1. BBC Teach KS3 RE clips –
2. BBC Bitesize Festivals explained –
3. BBC video: The Story of Rama and Sita –
4. BBC Teach: My Life, My Religion series –
5. Judaism explained (YouTube) –

Researching

1. Research how religions celebrate different festivals (BBC Bitesize) –
2. Investigate how faith groups address global issues (Christian Aid) –
3. Explore sacred texts online (Bible Gateway) –
4. Research the Five Pillars of Islam (BBC Bitesize) –
5. Compare different places of worship –

Student-led Tasks

1. Lead a discussion on shared values across religions.
2. Organise a quiz on world religions.
3. Present a short talk on an inspirational religious leader.
4. Run a role-play debate on an ethical issue.
5. Lead a reflection on fairness, forgiveness or respect.

Creative Tasks

1. Design a poster showing a religious symbol and its meaning.
2. Create a storyboard of a religious story or parable.
3. Produce an artwork inspired by a festival or tradition.
4. Write and perform a poem about peace, kindness or hope.
5. Build a simple model of a place of worship.

ESL

Why super curriculum matters in Year 9 ESL

Supercurriculum activities in ESL provide learners with opportunities to develop fluency, accuracy and confidence in English across all four skills. They strengthen academic language for GCSE preparation, expand vocabulary, and give cultural awareness through authentic texts and media.

Reading

1. British Council LearnEnglish Teens –
2. News in Levels (graded articles) –
3. Cambridge English learner activities –
4. Simple Wikipedia –
5. Oxford Owl free eBooks –

Writing

1. Keep a reflective language journal with new words and grammar structures.
2. Write opinion paragraphs about News in Levels stories –
3. Practise writing formal and informal emails (Cambridge English) –
4. Write a short film or story summary in your own words.
5. Create a list of topic-specific vocabulary (e.g. environment, sport, technology) and use it in sentences.

Listening

1. BBC Learning English “The English We Speak” –
2. British Council Teens Listen & Watch –
3. ESL Pod –
4. VOA Learning English audio –
5. Listen to free audiobooks on Storynory –

Watching

1. BBC Learning English “Lingohack” –
2. LearnEnglish Teens Video Zone –
3. Easy English YouTube interviews –
4. TED-Ed short talks with subtitles –
5. English Addict YouTube channel –

Researching

1. Research British culture topics (LearnEnglish Teens UK Culture) –
<https://learnenglishteens.britishcouncil.org/uk-culture>

2. Explore English idioms and slang (BBC Learning English) – <https://www.bbc.co.uk/learningenglish/english/features/the-english-we-speak>
3. Research a famous English-speaking author and present 5 facts.
4. Investigate how English is used in global business.
5. Compare British and American English using Cambridge Dictionary – <https://dictionary.cambridge.org/>

Student-led Tasks

1. Lead a short discussion on a news article.
2. Organise a peer vocabulary quiz.
3. Teach a grammar rule or tense to classmates.
4. Present a 2-minute talk on your hobby or interest.
5. Lead a group dialogue role-play (e.g. at the airport, in a shop).

Creative Tasks

1. Write and perform a short sketch in English.
2. Design flashcards for phrasal verbs.
3. Record a video diary speaking in English.
4. Create a comic strip with English dialogue.
5. Write song lyrics or a poem in English.

SPANISH

Why super curriculum matters in Year 9 Spanish

Supercurriculum activities in Spanish allow pupils to deepen their vocabulary, grammar and cultural knowledge as they prepare for GCSE. They encourage independence in practising all four skills (reading, writing, listening, speaking) and develop a broader appreciation of Spanish-speaking cultures.

Reading

1. BBC Bitesize KS3 Spanish –
2. Duolingo Stories (Spanish) –
3. LingQ library of Spanish texts –
4. News in Slow Spanish transcripts –
5. El País (Spanish news, youth articles) –

Writing

1. Keep a Spanish diary (at least 5 sentences daily).
2. Write opinion paragraphs on current topics using News in Slow Spanish –
3. Create postcards in Spanish from real or imaginary holidays.
4. Practise short dialogues on Duolingo Stories –
5. Write a film or book review in Spanish.

Listening

1. Coffee Break Spanish podcast –
2. BBC Bitesize Spanish listening clips –
3. Duolingo Podcasts (Spanish) –
4. SpanishPod101 free lessons –
5. Mi Vida Loca interactive drama –

Watching

1. BBC Bitesize Spanish video resources –
2. Dreaming Spanish YouTube channel –
3. Easy Spanish street interviews –
4. Lyricstraining music videos in Spanish –
5. Netflix/YouTube kids' shows in Spanish with English subtitles.

Researching

1. Research Spanish festivals (e.g. La Tomatina, Las Fallas).
2. Explore Spanish cuisine (BBC Travel: Tapas and traditions) –
3. Investigate famous Spanish-speaking authors or artists (Picasso, García Márquez).
4. Compare Spanish from Spain and Latin America (BBC Languages) –
5. Use WordReference to study phrasal verbs and vocabulary –

Student-led Tasks

1. Lead a mini vocabulary quiz for your class.
2. Teach peers a short role-play (restaurant, directions).
3. Present a Spanish festival or tradition.
4. Lead a “Spanish-only” speaking circle for 5 minutes.
5. Organise a Kahoot quiz in Spanish vocabulary.

Creative Tasks

1. Create a comic strip with Spanish dialogue.
2. Write and act a Spanish role-play video.
3. Make flashcards of 20 new words and test friends.
4. Write Spanish captions for your own photos.
5. Translate a simple English poem or song lyric into Spanish.

GREEK

Why super curriculum matters in Year 9 Greek

Supercurriculum activities in Greek help learners practise language beyond the classroom, improve fluency in reading, writing, listening and speaking, and explore the culture of Greece and Cyprus. They strengthen grammar and vocabulary skills that support GCSE preparation.

Reading

1. BBC Languages: Greek basics –
2. Filoglossia+ interactive lessons (Hellenic Ministry of Education) –
3. GreekPod101 blog and texts –
4. Simple Greek news for learners (in.gr, easy articles) –
5. Lexilogos Greek reading tools –

Writing

1. Keep a Greek diary with 5–10 sentences daily.
2. Translate a short English poem or text into Greek.
3. Write postcards from different Greek cities (Athens, Thessaloniki, Rhodes).
4. Practise short dialogues using Filoglossia+ –
5. Write a short biography of a famous Greek (e.g. composer, athlete).

Listening

1. BBC Languages “Talk Greek” audio –

2. Ellinopoula songs & audio practice –
3. GreekPod101 audio lessons –
4. Librivox free Greek audiobooks –
5. Lyricstraining Greek music videos –

Watching

1. Easy Greek YouTube street interviews with subtitles –
2. BBC “Talk Greek” video lessons –
3. Greek children’s shows and clips (ERT Archive) –
4. TEDx Talks in Greek with subtitles –
5. GreekPod101 YouTube channel –

Researching

1. Research Greek Easter or other festivals.
2. Explore Greek food traditions (BBC Travel) –
3. Research a Greek island and present a travel guide.
4. Study Greek myths and legends (Theoi Project) –
5. Look up modern Greek vocabulary on WordReference –

Student-led Tasks

1. Teach classmates 10 useful Greek expressions.
2. Lead a role-play (ordering in a café).
3. Present a Greek festival or cultural tradition.
4. Organise a quiz on the Greek alphabet and numbers.
5. Lead a short “only Greek” conversation circle.

Creative Tasks

1. Design a Greek alphabet poster with images.
2. Write and perform a dialogue in Greek.
3. Create flashcards for verbs and tenses.
4. Compose a simple song or rhyme in Greek.
5. Draw a comic strip with Greek captions.

PSHE & CITIZENSHIP

Why super curriculum matters in PSHE & Citizenship

Supercurriculum activities in PSHE & Citizenship help pupils understand themselves and society. They build resilience, empathy, and responsibility, while encouraging pupils to think critically about wellbeing, rights, and participation in their communities — preparing them for life beyond school.

Reading

1. BBC Bitesize PSHE & Citizenship –
2. Childline: Coping with feelings –
3. BBC Newsround: Children’s news –
4. YoungMinds wellbeing advice –
5. UNICEF: Children’s Rights Convention –

Writing

1. Keep a weekly wellbeing journal with reflections and goals.
2. Write a persuasive letter about a current issue using Newsround for inspiration – <https://www.bbc.co.uk/newsround>
3. Create a poster of your top five rights using UNICEF resources – <https://www.unicef.org/child-rights-convention>
4. Draft a class “code of respect” with your peers.
5. Summarise an article from YoungMinds in your own words –

Listening

1. Peace Out mindfulness podcast –
2. Brains On! episodes about feelings and wellbeing –
3. Childline Calm Zone relaxation audios –
4. Wow in the World: kindness and community –
5. BBC School Radio “Life Stories” –

Watching

1. BBC Bitesize PSHE & Citizenship videos –
2. BBC Newsround reports –
3. World’s Largest Lesson (UN Global Goals) –
4. Sesame Street kindness clips –
5. TED-Ed: Acts of Kindness –

Researching

1. Investigate how charities support young people (BBC Newsround) –
2. Explore volunteering opportunities for teenagers –
3. Learn about UK Parliament and democracy (Parliament Education Service) –
4. Research mental health campaigns (YoungMinds) –
5. Study how UNICEF protects children’s rights –

Student-led Tasks

1. Lead a debate on a social issue from Newsround.
2. Organise a peer wellbeing circle.
3. Create and run a children’s rights quiz.

4. Lead a discussion about the impact of social media.
5. Facilitate a teamwork or trust-building activity.

Creative Tasks

1. Design an anti-bullying poster.
2. Create an infographic on healthy lifestyle choices.
3. Write and perform a role-play showing conflict resolution.
4. Make a short video campaign about kindness.
5. Draw a comic strip about standing up for someone's rights.
